Fire Safety Workshop (with drill)

School must always understand the importance of Fire Prevention and be a fire safe place for children. School fire prevention is important for the simple reason that a lot of kids are gathered at one spot and a single fire can affect all of them. GDGH – Fire Safety Workshop (with drill) trains in various components of Fire Safety measures. School fire tragedies and disasters can be prevented if proper fire safety measures are in place and religiously implemented. Our Fire Safety Workshop (with drill) training delivers the latest information in the best possible manner.
