Overview

CMD is a Certificate program based on Grade 10. It assists a doctor, particularly while dressing lesions. When the right conditions are met, endorsement projects or courses in India are astonishingly convenient and only focus on a variety of skills.

The first medical aid provider, Dressers, operates a successful private and independent business without making a significant investment in infrastructure.

Objectives

After completing this course, participants will be able to:

- Prepare the equipment and material required for wound dressing.
- Maintain the set-up required for wound dressing.
- Demonstrate dressing and splint/cast application procedures as instructed by the healthcare professional.
- Demonstrate technical skills in providing first aid care to victims as per the emergency condition.

Pedagogy

Holistic teaching method (blended learning) characterized by its focus approach, stressing the importance of scenario based practice with the help of latest tools and techniques. There will be comprehensive lab work requiring demonstrated competency to receive a satisfactory grade.
